70 Head of Outstanding Registered Holstein Cattle 70

NOTE: This is an outstanding offering of beautifully uddered, homebred, 100% registered Holstein cattle. The Dahlen family began dairying in 1973 with a small herd of registered Holsteins and have expanded their herd to the present sale day offering. This herd features many 80 point plus cows, with individuals to 88 points, with possible excellents in waiting. This herd has been on official test and exclusively artificially bred for over 35 years. Current official DHIA records indicate a herd average of 2X 21,900 milk, 3.9% fat and 3.2% protein. Individuals producing to 129 lbs. per day with 9 over 100 lbs. and 6 in the mid 90's. Current tank average 81 lbs. No BST. Several will be just fresh and in peak production. For many years the Dahlens have been in the top 100 (currently ranked 73rd), among the lowest SCC herds in Minnesota. Careful sire selection is evident throughout the herd with the Dahlens choosing elite sires and service sires, including, but not limited to: Sanchez, Atwood, Million, Braxton, Crown and Alexander Laurin, Blitz, RSVP, and the list goes on. Along with a great set of young cows, we offer an exceptional group of bred heifers sired and in service to leading sires. Excellent herd health program. This herd will provide something for everyone from milk to superior genetics. If you enjoy farm fresh herd additions from a proven program, please mark this date on your calendar and make plans now to attend the Timbr Creek-D complete milking herd and select bred heifer dispersal. Prior inspection welcome by appointment beginning Saturday, March 24th. Sale held under cover. Trucking available.

37 years of quality dairying

Selling cows and springing heifers... inquiries welcome

After 37 years of dairying as a family, it has been a difficult decision to conclude our dairy career. We are thankful for the privilege of working together and raising our family here in our community among family and friends. To everyone who has supported us through the years a big "thank-you!" Selling our cows is hard, but we hope that successful buyers will appreciate and care for the animals as we have. Thanks and God's blessings to you all.
