SALE TIME: 11:30 A.M.
Boser's Lunch Wagon

95 Head of Very Good, Registered and High Grade Holsteins Sell Under Cover

NOTE: The Andersons have been involved in the dairy industry and farmed on this farm since 1959. Gerald began farming with his parents Ralph and Arleen and eventually took over the farming operation managing the farm the past 45 years. If you are a regular subscriber to the *Hoard's Dairyman*, you may have read one of many business articles Gerald has contributed to that publication over the years.

The foundation of this herd began when the Andersons purchased the Alfred Olson grade herd and later purchased select registered additions from the Meister Bros. herd of Hamel, MN which began the Daggett Farms prefix. Approximately 40% of the herd is registered, with the balance being home-bred high grade Holsteins. Selling will be several descendants of Allis, an excellent 90 pt. MN State Fair champion; and Eddie, daughter with records over 28,000 milk and 1100 fat. Another highlight selling will be a fancy VG 87 pt. Observer daughter milking 97 pounds.

This herd has been on a grazing program for many years and receives rations pertaining of mostly home-grown feeds. No TMR, this herd has been on test since the early 1970's with current official DHIA testing indicating a herd average of 2X 19,200 milk, 4.1% fat and 3.2% protein. Approx. 65 pound tank average with individuals up to 134 pounds per day on a grazing program. Several recently fresh or due after sale time. This herd has been exclusively artificially bred using leading sires and service sires, including but not limited to: Doc, Helix, Deano, Observer and Dragon Heart with the influence of Ford, Durham and Montross, among others. Cows receive Master Guard, Vision 8, Bangs vaccinations. Dry cows are dry treated, all are wormed and poured regularly. Gerald participated in the Johnes testing program reaching level II with this being a closed herd for many years. Cows are milked in a tie-stall facility and are on pasture throughout the summer months. If you are in need of good farm-fresh home-raised home bred, docile herd replacements with a great potential for increased production, please mark this date on your calendar and make plans now to attend the Daggett Farms herd dispersion.

For catalog containing freshening, breeding and production information please see online at www.midamericanauctioninc.com or phone 320-760-2979.
